

LAUGHTER:

n. An expression or appearance of merriment or amusement; the action or sound of laughing.

*These three things make me laugh out
loud ...*

If I am not allowed to laugh in heaven, I don't want to go there.
~ Martin Luther ~

If laughter is good medicine,
joy is good health.

There is a form of laughter that springs from the heart heard every day in the merry voice of childhood, the expression of a laughter—loving spirit that defies analysis by the philosopher, which has nothing rigid or mechanical in it, and totally without social significance. Bubbling spontaneously from the heart of child or man. Without egotism and full of feeling, laughter is the music of life.

~ Sir William Osler ~
